**BOARD OF DIRECTORS**

**THURSDAY 28 APRIL 2016**

**REVIEW OF STAKEHOLDERS**

**PRESENTED BY THE DIRECTOR OF PARTNERSHIPS**

**1. Purpose**

The purpose of this paper is request Board of Directors to review and, if thought fit, approve the attached schedule of key stakeholders of the Trust.

**2. Background**

2.1 One of the main principles of Monitor's NHS Foundation Trust Code of Governance (the Code), relates to 'Relations with Stakeholders' and focuses on robust governance structures that encourage proper engagement with stakeholders on the basis that strong local accountability will help NHS foundation trusts to maintain the trust and confidence of the people and communities that they service. As such the Board of Directors is responsible for ensuring that the NHS Foundation Trust cooperates and undertakes regular and open dialogue with other NHS bodies, local authorities and other relevant organisations with an interest in the local health economy.

2.2 This paper focuses on the following requirements within the Code:

**E.2.1 The Board should be clear as to the specific third party bodies in relation to which the NHS foundation trust has a duty to co-operate.**

**E.2.2 The Board should ensure that effective mechanisms are in place to cooperate with relevant third party bodies and that collaborative and productive relationships are maintained with relevant stakeholders at appropriate levels of seniority in each.**

2.3 Under the National Service Act 2006, there are two statutory duties of cooperation, as follows:

2.3.1 Section 72 Co-operation between NHS bodies

It is the duty of NHS bodies to co-operate with each other in exercising their functions.

2.3.2 Section 82 - Co-operation between NHS bodies and local authorities

In exercising their respective functions NHS bodies (on the one hand) and local authorities (on the other) must co-operate with one another in order to secure and advance the health and welfare of the people of England and Wales.

3. **Stakeholder Review**

3.1 This is attached as Appendix 1.

4. **Recommendation**

The Board of Directors is asked to:

Review and, if thought fit, approve the attached schedule of key stakeholders of the Trust.
