UHB Quality Account 2016–2017

Appendix – CQUINs

Additional information on the use of the Commissioning for Quality and Innovation (CQUIN) payment framework

The additional information on the CQUIN indicators provided here relates to section '2.2.4 Information on the use of the Commissioning for Quality and Innovation (CQUIN) payment framework' of the Trust's 2016/17 Quality Account.

A proportion of University Hospitals Birmingham NHS Foundation Trust's income in 2016/17 was conditional upon achieving quality improvement and innovation goals agreed between University Hospitals Birmingham NHS Foundation Trust and any person or body they entered into a contract, agreement or arrangement with for the provision of relevant health services, through the Commissioning for Quality and Innovation payment framework.

Further details of the agreed goals for 2016/17 and 2017/18 are provided below.
