1. **Policy Statement**

   1.1 The aim of this policy is to ensure the safe and timely transfer of patients within the University Hospitals Birmingham NHS Foundation Trust (the “Trust”). In particular, it ensures that:

   1.1.1 The risks associated with transferring patients are identified and managed appropriately. (CQC, 2017; Health and Social Care Act, 2008); and

   1.1.2 Transfer practices are measured and any incidents are reported to support practice improvement; (Health and Social Care Act, 2008);

   1.1.3 transfers of both adults and children:-
   
   a) Are appropriate;
   
   b) Have adequate equipment and personnel during the transfer;
   
   c) Have sufficient and/or appropriate information given to the receiving area; and
   
   d) Have adequate personnel/ equipment in the receiving area.

   1.2 An internal transfer refers to any transfer arranged by or on behalf of the University Hospitals Birmingham NHS Foundation Trust, irrespective of site or location, to another clinical area within the Trust.

   1.3 Transfer to another healthcare provider is classed as a discharge. Please refer to the associated Discharge and Transfer of Care Policy and associated procedures.

2. **Scope**

   2.1 This policy applies to all individuals employed by the Trust including students, locum and bank/agency staff and staff employed on honorary contracts who are involved in Trust business on or off Trust premises.

   2.2 It applies to all patients registered as inpatients within the hospitals or those attending the hospitals for emergency/urgent assessment and being transferred to a ward/department or another site, following a decision being taken to admit the patient.

   2.3 It applies to patients being admitted, and thus transferred, from outpatient or ambulatory care to inpatient areas.
2.4 It applies to patients being transferred to and from theatres, critical care and dialysis. It applies to patients being transferred temporarily for an investigation, procedure or therapy session.

2.5 This policy does not apply to:

2.5.1 Patients attending as outpatients;

2.5.2 The permanent transfer of a patient (discharged) to another Trust/healthcare provider;

2.5.3 The transfer of deceased patients from wards/departments to the mortuary; or

2.5.4 Neonates.

3. Framework

3.1 This section describes the broad framework for the Patient Internal Transfer Policy. The operational instructions for the processes required when undertaking a patient transfer, including the escort requirements, are described within the associated procedures.

3.2 The Executive Chief Nurse, shall approve all procedural documents associated with this policy, and any amendments to such documents, and is responsible for ensuring that such documents are compliant with this policy.

3.3 The associated procedures are to be followed for all patients within the scope of this policy. The procedures set out specific transfer requirements for the following patient groups:

3.3.1 Patients with infections;

3.3.2 Patients being temporarily transferred from their ward/department for an investigation, procedure or dialysis; and

3.3.3 Patients requiring transfer to the Discharge Lounge.

3.4 Patients are either internally transferred temporarily to another department or clinical area for a procedure or investigation; or permanently from one clinical area to another.

3.5 The Trust will ensure that all internal patient transfers take place appropriately by ensuring that:

3.5.1 The decision to transfer a patient is made by an appropriate registered practitioner who will then be responsible for preparing the patient for the transfer;
3.5.2 The transfer either benefits the patient or another patient. This will include transfers for clinical reasons, infection and prevention measures, to comply with same sex accommodation or other privacy and dignity concerns, or transferring (outlying) a patient to another ward to allow the transfer of a patient who has a greater need for the care, into the clinical area;

3.5.3 The surgical checking processes must be followed for all transfers to and from theatres. The associated sections of the theatre checking documentation must be completed;

3.5.4 The associated procedures are followed for all transfers to and from dialysis and critical care;

3.5.5 Before a patient is transferred an assessment is undertaken and documented, to establish:

   a) Any risks to the transfer; and
   b) The needs of the patient during the transfer.

3.5.6 Adequate equipment and staff with the necessary competencies are available during a transfer and in the receiving area;

3.5.7 Appropriate information is given by the transferring clinician to the receiving area; and

3.5.8 In the case of a permanent transfer of a patient from one clinical area to another, a transfer checklist is completed.

3.6 The property of transferring patients will be transferred in accordance with the associated Policy for the Handling of Patients’ Cash, Valuables and Property.

3.7 In the event that a patient is transferred inappropriately an incident form must be completed in accordance with the Trust Incident Reporting Procedure.

4. Duties

4.1 Executive Chief Nurse

The Executive Chief Nurse is responsible for overseeing compliance with this policy, and will provide assurance to the Board of Directors on compliance and raise matters of concern with the relevant Division/Department.
4.2 **Divisional Directors / Divisional Directors of Operations/Associate and Deputy Associate Directors of Nursing/Heads of Operations/Group Manager for Site**

Divisional Directors/Divisional Directors of Operations and Associate and Deputy Associate Directors of Nursing/Heads of Operations/Group Manager for Site are responsible for ensuring that the wards/departments and staff within the Division are aware of and implement this policy, and where there are deficiencies or concerns in delivery, these are investigated and reported via the Divisional Clinical Quality Groups.

4.3 **Managers**

Managers of staff involved in the process for internal patient transfer must ensure that:

4.3.1 All staff have access to this policy and associated procedural documents;

4.3.2 All staff adhere to and implement this policy and associated procedural documents;

4.3.3 The appropriate staff, equipment and stationary are available to enable this policy to be followed; and

4.3.4 Staff have the necessary training to enable them to implement this policy.

4.4 **All staff involved in the process of internal patient transfer**

All staff involved in the process of internal patient transfer are required to familiarise themselves with all relevant Trust policies and procedures referred to within this document. They must ensure that they comply with them in their areas of work at all times.

5. **Implementation and Monitoring**

5.1 **Implementation**

This policy and its associated procedures are available on the Trust intranet and disseminated to staff through the divisional management and internal team structures within the Trust.

5.2 **Monitoring**

Appendix A provides details on how the policy will be monitored.
