Prevent Policy

Issue Date: 01.11.2018

Controlled Document Number: 1070

Version: 1.0
1. **Policy Statement**

1.1 The purpose of this policy and its associated documents is to assist University Hospitals Birmingham NHS Foundation Trust (the Trust) staff in effectively meeting their duties to minimise risk under the Government Prevent Agenda.

1.2 Prevent is part of the government’s counter-terrorism strategy, CONTEST. Its aim is to stop people becoming terrorists or supporting terrorism.

1.3 This policy will help ensure information sharing is appropriate for the purpose of preventing an individual from being drawn into terrorism. The objectives of this policy are to support the Prevent Strategy in:

1.3.1 Responding to the ideological challenge of terrorism and threat we face from those who promote it;

1.3.2 Preventing people from being drawn into terrorism safeguarding and protecting them from exploitation and radicalisation; and

1.3.3 Working with sectors and institutions where there are risks of radicalisation.

2. **Scope**

2.1 This policy applies to all areas and activities of the Trust and to all individuals employed by the Trust including contractors, volunteers, students, locum, bank and agency staff and staff employed on honorary contracts.

2.2 This policy applies to all patients, adults and children receiving inpatient care or using outpatients or day services managed by the Trust (whether those services are supplied within the hospital sites, community, domiciliary or off site clinics).

3. **Framework**

3.1 This section describes the broad framework for the Prevent Policy. Detailed instructions are provided in the associated procedural documents.

3.2 The Executive Chief Nurse shall approve all procedural documents associated with this policy, and any amendments to such documents, and is responsible for ensuring that such documents are compliant with this policy.
### 3.3 Definitions

<table>
<thead>
<tr>
<th>Term</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Channel</strong></td>
<td>Channel forms a key part of the national Prevent strategy. This is a multi-agency process to identify and provide support to individuals who are at risk of being drawn into Terrorism.</td>
</tr>
<tr>
<td><strong>Channel Panel</strong></td>
<td>Channel Panels provide a mechanism for supporting individuals who may be vulnerable to terrorist related activity by assessing the nature and extent of the potential risk, agreeing and providing an appropriate support package tailored to an individual’s needs. Channel is a multi-agency panel and the local Channel lead is located within the Police or Local Authority.</td>
</tr>
<tr>
<td><strong>Extremism</strong></td>
<td>Extremism is vocal or active opposition to fundamental values including democracy, the rule of the law, individual liberty, and mutual respect and tolerance of different beliefs and faiths. This includes the definition of extremism calls for the death of members of our armed forces, either in this country or overseas.</td>
</tr>
<tr>
<td><strong>People/Individual</strong></td>
<td>For the purpose of this procedure the terms ‘People’ and ‘Individual’ apply to children as well as adults whether they are patients, visitors or staff.</td>
</tr>
<tr>
<td><strong>Prevent Concern</strong></td>
<td>A Prevent Concern does not have to be proven beyond reasonable doubt; however it must be based on something that raises concern which is assessed by using existing professional judgement of a member of staff.</td>
</tr>
<tr>
<td><strong>Radicalisation</strong></td>
<td>Radicalisation in this procedure refers to the process by which people come to support terrorism and forms of extremism leading to terrorism.</td>
</tr>
<tr>
<td><strong>Terrorism/Terrorist</strong></td>
<td>Terrorism is defined in the Terrorism Act (2000) as an action that; endangers or causes serious violence to a person or people, causing serious damage to property or seriously interferes or disrupts an electronic system. The use of threat must be designed to influence the government or to intimidate the public and is made for the purpose of political, religious or ideological gain.</td>
</tr>
<tr>
<td><strong>Vulnerability</strong></td>
<td>Vulnerability in the context of Prevent is a person who is susceptible to extremist messages and is at risk of being drawn into terrorism or supporting terrorism at a point in time.</td>
</tr>
</tbody>
</table>
3.4 The Prevent Strategy focuses on the prevention of people entering into or supporting terrorism and is designed to support and protect people who may be susceptible to radicalisation, diverting them before a crime is committed. It also provides the escalation process for raising concerns and referrals to outside agencies to reduce the risk of any patient or staff member becoming drawn into terrorism.

3.5 Confidentiality, information sharing and disclosures

3.5.1 Trust staff must ensure they share information appropriately both professionally and legally when there is a safeguarding concern and in line with current data protection legislation (General Data Protection Regulation (GDPR); Data Protection Act 2018 and NHS Code of Practice), as well as relevant local information sharing protocols. Save for the exceptions outlined in 3.5.2 and 3.5.3 below, this would require the taking of consent from the person whose personal data will be shared.

3.5.2 In exceptional circumstances, where seeking consent prior to referral would cause immediate significant harm to the vulnerable individual and/or where the vulnerable individual lacks capacity to give consent, a referral may be made without consent in their best interests.

3.5.3 Where there is concern or evidence that an individual is actually engaged in the planning or undertaking of terrorist acts, or staff are concerned for their safety or welfare, then consent is not required to share any information that may be required to assess and manage the risk of a serious criminal offence occurring. In these cases the individual must not be informed that information is being shared without multi-agency agreement of what is required, to ensure the safety of others. If staff are not sure on information sharing or consent issues, they must seek advice from the Trust Safeguarding Team or Caldicott Guardian.
