

## West Midlands Central Foundation School

Individual Placement Description – Queen Elizabeth Hospital Birmingham

<b>Placement</b>	W518 General Internal Medicine/Infectious Diseases
<b>The department</b>	<p>Ward 518 is a 36 bedded ward caring for general medical patients, some of whom also have infectious diseases. We also care for medical outliers on W620 and W624. Our main role is to ensure the optimal management of patients under our care. Trainees receive experience in both general medicine and infectious diseases and will also participate in the general medical take.</p> <p>Trainees have the opportunity to gain experience and competence in cannulation, phlebotomy, lumbar puncture and paracentesis (depending on supervisor availability). There is always senior supervision in the form of either training registrars, JSD higher doctors or consultants to supervise ward work and clinical procedures if necessary. F2 trainees are expected to provide support to junior colleagues.</p> <p>Trainees are expected to attend weekly departmental teaching sessions, where there is the opportunity to learn about the assessment and management of key acute medicine presentations and present interesting clinical cases.</p> <p>Trainees are expected to undertake a quality improvement project related to medicine during their placement and attend monthly clinical quality meetings, where departmental quality improvement and audit projects are presented, morbidity and mortality data are discussed and other governance issues are raised.</p> <p>We have a number of medical students and PA students rotating through the department and trainees are encouraged to provide teaching sessions and obtain feedback that can be uploaded to their portfolios.</p>
<b>The type of work to expect and learning opportunities</b>	<ul style="list-style-type: none"> <li>• Attend handover meetings at beginning and end of shift to ensure critical patient information is handed over between shifts</li> <li>• Daily ward round, with opportunities to see patients themselves in addition to joining consultant led ward rounds.</li> <li>• Will treat all the conditions covered in the core medical curriculum within the 4 month attachment</li> <li>• Will achieve competence in common medical interventional procedures</li> <li>• Half day alternate week FY1 teaching</li> <li>• Wednesday lunchtime teaching joint with AMU</li> <li>• Weekly Grand Round</li> <li>• Regular opportunities to teach medical students</li> <li>• Excellent structure for Foundation Career support</li> <li>• Regular junior doctor forums</li> <li>• 3 days of self development time per rotation</li> </ul>
<b>Where the placement is based</b>	University Hospitals Birmingham NHS Foundation Trust

<b>Supervisor(s) for the placement</b>	Over the period of your placement, you will be working with a number of Consultants all of whom can provide clinical supervision during the time you are on duty with them. However, you will be assigned a specific named Clinical supervisor for the placement and a named Educational Supervisor for the year.
<b>Main duties of the placement</b>	To supervise the care of medically unwell patients, including those with infections, on a general medical ward.
<b>Typical working pattern in this placement</b>	<ul style="list-style-type: none"> <li>• Morning ward round</li> <li>• Midday board round meeting and huddle</li> <li>• Afternoon jobs</li> <li>•</li> </ul>
<b>Guardian of Safe Working</b>	Dr Jason Goh
<b>Director of Medical Education</b>	Dr Ola Erinfolami
<b>Rota Co-ordinator</b>	Dr Natasha Weston (local departmental rota co-ordinator)/ Aneela Razaq (medical workforce lead for general medical oncalls)
<b>Educational Supervisor</b>	To be added to Horus prior to starting in post
<b>Medical Resourcing</b>	<a href="mailto:MedicalResourcing@uhb.nhs.uk">MedicalResourcing@uhb.nhs.uk</a>
