

PPE guidance for staff

Updated December 2021

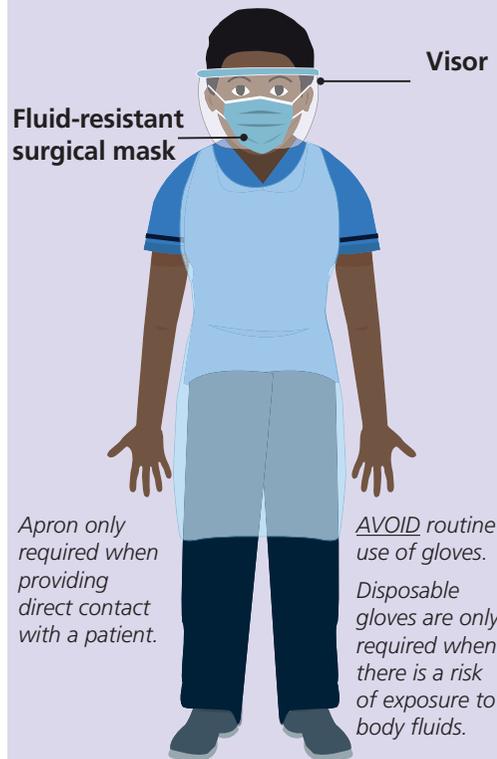

All staff arriving in **ANY** non-clinical or clinical area without aerosol generating procedures (AGPs) taking place

Decontaminate hands

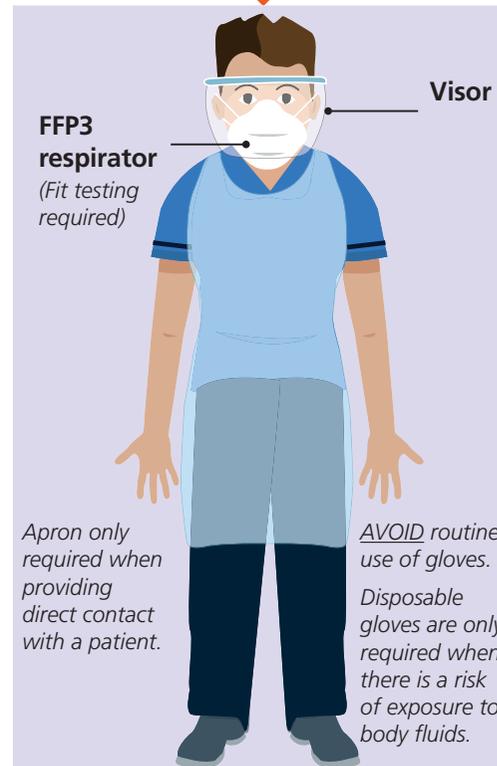

When having contact with patients within 2m

Decontaminate hands

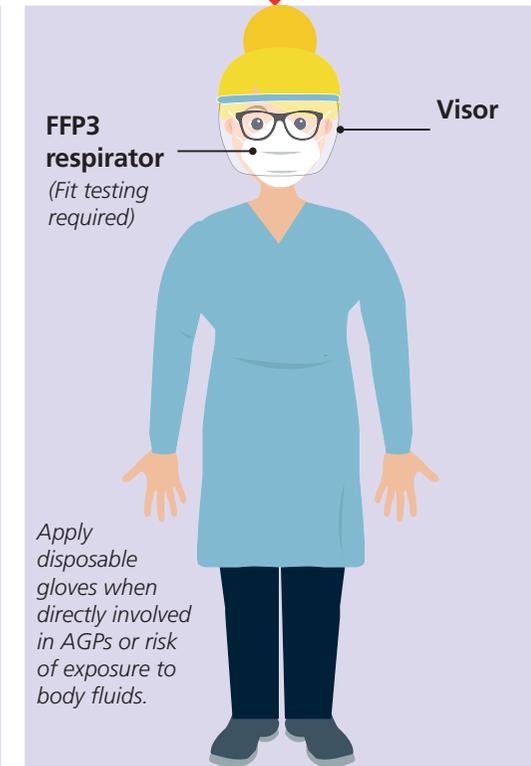

For **HOT** areas when having contact with patients within 2 metres, where AGPs are **NOT** being carried out

Decontaminate hands

When working in an environment where AGPs regularly take place, e.g. Critical Care and AGP resus

Decontaminate hands

Your safety and the safety of others depends on more than the type of PPE that you wear. Safe removal of PPE, hand hygiene and correct principles of cleaning are essential to minimise risk of self-contamination and transmission to others. For Fit Testing of FFP3 masks, please email: FitTesting@uhb.nhs.uk
